**President Trump & the Republicans in Congress Want to Slash Medicaid.**

**Who wins from their plan? The wealthy whose taxes will be cut.**

### What will it mean for you?

- 6.5 million New Yorkers – 1/3 of our people – get their health care through Medicaid – for the doctor or hospital, home care, nursing home care, and more.
- Medicaid funds help community hospitals, health centers, and other providers who take care of all of us.
