WHAT WILL THE NY HEALTH ACT DELIVER FOR SENIORS?

You've had the promise of Medicare your whole life and expected your health care coverage would not be an issue when you needed it – so why should you be an advocate to have the state Legislature pass the NY Health Act?

SAVES YOU MONEY

No Medicare part B or D premiums, no co-pays, no deductibles.

IMPROVES YOUR BENEFITS

Covers comprehensive dental, vision, and long-term care—better than current insurance benefits.

SAVES YOU TIME

No more yearly plan comparisons. One comprehensive plan covers every New York resident.

COVERAGE BEFORE AGE 65

The same comprehensive coverage will be the standard for every resident of every age. No more worries about the gap many early retirees face, no more worries for younger friends or members of your family.

SAVES TAXPAYER $

Reduces public employer health care costs while still providing excellent coverage for employes. Eliminates the part of property taxes that are dedicated to Medicaid costs.

MORE CHOICE & TIME FOR CARE

No select provider groups, every physician, hospital, pharmacy, nursing home and home care agency will be a provider. Includes out of state coverage. Your providers can focus on your care not on managing billing paperwork.

- Join us in working for passage – New York State can take the lead in fixing the things that are problems in our current health care "system."
- Urge your State Senator and Assemblymember to Pass the New York Health Act. Congress can also work to make this a reality for our Country.
- Urge your Congressmembers and US Senators to Pass (Improved) Medicare for All.
